

Oct 19, 2016

Division C Report

Fourth Division Council meeting for Division C was held on October 15, 2016

Next Division Council meeting: Planning for evening of Nov 23

COT training was slightly higher than prior year at 54%

Main Challenge in Division C include a lower number of current members as compared to the beginning of the current toastmasters year (down 36%). However, numbers are a tiny bit higher as compared to same time last year.

--- Two student based clubs are a bit worried about the higher number of members not returning and both have requested coaches.

---Two other clubs have been requesting coaches since the beginning of TM year with no luck to date.

---Three clubs in Division C require 8 or more additional members to qualify for distinguished status.

- Jubilee has 6 members and need a coach
- IntoNAITion has 7 members and indicate they will be signing up one more member shortly
- Somehow the Club Officer List was lost for Articulate Edmontonians during the transition from District 42 to District 99. Full list has been resent to TI via email and will be corrected in the short term so the club can submit memberships

Plans to deal with challenges

Membership building event is being planned for Wed, Nov 23 downtown. All Area directors are involved and will be taking ideas to their clubs. Club visits are ongoing and Area Directors are encouraging clubs to attain more guests/members.

Success stories:

- Stantec Corporation (location of Stantec Toastmasters), has been awarded Corporate Recognition for their support of Toastmasters
- Chrysalis (location of Chrysalis Social Butterflies Toastmasters), has been awarded Corporate Recognition for their support of Toastmasters
- Club at high risk of closing its doors has sufficiently recovered and is now working on a higher membership base and enhancing its members toastmasters experience

--- **1 Club has already reached distinguished status in Area 28**

DCP - 2 clubs already have attained 5 DCP. 5 more clubs have attained 3 DCP.

Obstacles and strategies to deal with the obstacles:

--- Obstacles are identified in section above: "Plans to deal with challenges"

--- My Area Directors are AWESOME and dedicated

See comparison statistics on next page from this year to last year at the same timeframe:
