

Division B report April 2017

District Director, fellow District 99 team members,

Division B has had an awesome year!

Our Areas did well in their contests. Our Area Directors did well in getting their Area Club visits done, and these are continuing. Our Team did an awesome job in hosting several Club Leadership Training events.

Membership is an ongoing challenge, and 2 club coaches have stepped forward to help the clubs work on this very important ongoing issue.

My Area Directors and I have had great pleasure visiting our clubs and presenting Toastmaster members with their Educational Award Ribbons😊. We took several pictures and posted these on Facebook😊 Some Ribbons were also presented at Club Leadership Training events, and some at Area Contests😊

We had several Division B Conference calls to coordinate our team. We have been working on some New Club leads, with no results so far.

On Succession Planning we have almost a complete set of 6 Area Directors and one Division Director for 2017-2018😊

We had two surprising different Toastmasters out of our Division B Area 62 Central Alberta Skytalkers Toastmaster Club. We had our 2016 Rookie of the Year pass away just before his last CC speech. Tiger Yawnghwe was a Prince of the Shane State in Burma, and was quite a Toastmaster and community character. His neighbour, Tara Laidlaw, joined our club to learn how to give presentations to communities on her **Walking to Texas** this summer. Her article will be in the Toastmaster International Magazine soon. Both members have been written up on our District 99 Website😊

This is why our Team of Area Directors have had such an awesome 2016-2017 year😊

Respectively submitted

Dave Cartledge, Division B Director, 2016-2017
