The District has completed several Coaching Seminars and several coaches have been assigned.

Overall Successes

With 4 new clubs chartered and another 4-5 potential new clubs able to charter by the end of the year D99 is in a good position to finish on a strong note.

The implementation of the District Coaching program is also seeing benefits for clubs in need of coaching. Potential coaches are provided with an outline of what is expected and the resources that are available to help them succeed. Thanks to DTMs Lorraine Wheatley and Don Zurakowski for putting this program together.

Respectfully submitted,
Chris Pederson, CC, ALB
