Thank You to the past District Directors and Governors for the work and time spent this past year. These leaders and mentors continue to lend their assistance, guidance and experience to our District. The PDG/PDD Committee met throughout the year and again last night. Items discussed are as follows:

- Of the Year Awards – Strategies to get the word out to clubs and members and encourage more participation for this award. Encourage participation at the club level starting July 1.
- Carol Blair drafted Terms of Reference for the Leader Development Working Group. The purpose of the group is to provide expertise, experience and identify relevant resources to education, encourage and inspire the development of strong leaders within District 99. The Committee is working on a handbook which will be available to members.
- Members of the PDD/PDG Committee contacted Toastmasters International regarding the District 99 Citation banner. With input from TI the District Citation banner will be updated to reflect Toastmasters branding standards. Information about the District Citation can be found on the District 99 site- D99tm.org - For Members - Wall of Fame.
- Terms of Reference for the Past District Governors and Directors Committee have been completed. Thank you Tim Lambert and Carol Blair for completing.
