District 99 2018 Spring Convention Program Quality Report

Submitted by:

Glenn Walker DTM
Program Quality Director
District 99

Summary

To date, members in 106 clubs have filed for 392 achievements. We are honoring 7 more DTM's and 21 additional Triple Crown recipients at this conference. That puts the total at 13 DTM's and 31 Triple Crowns to date this year.

Mid-winter training was held in Edmonton January 12th to 14th. There were 22 Area Directors and 6 Division Directors in attendance.

Training for club officers yielded a 46.4% training of all club officers. 83 clubs (55.7%) were able to achieve 4 or more club officers trained during the 2nd training period. Training events are in planning for June to provide 1st round training to the next crop of executive members. 6 clubs achieved 7 out of 7 officers trained at the second round of training.

The Education Development Team has been busy with building the team. There is an abundance of opportunities to get engaged. Our goal is to improve the quality of education received by our members. Send inquiries to edteam@d99tm.org to find out more. Omar Nef has agreed to take on the coordination role for the Western sector of the district. Penny Nilsen continues to coordinate the Eastern sector. Both coordinators have begun plans to build training teams for the next round of club officer training.

Pathways roll out is set for May 3rd after a slight delay from the date reported in the fall. Ambassadors and Guides have been busily arranging meetings with clubs to tell them what to expect and pass out the Pathways kits to clubs. District 99 has achieved 99.25% of the required visits. A big thank you goes out to the Chief Ambassador, Marg Faryna DTM and her team of Ambassadors and Guides. The rest of Region 4 and 13 are progressing well with the average for the Regions at 95.42% of visits complete.

The challenge now is to get everyone to log on and start using the new program. Guides will continue to work with clubs and additional help will be rolled out over the coming months.

Education Goals

To date 106 clubs have members achieving awards in Competent and Advanced Communication and Leadership Programs. The following figure summarizes the accomplishments of members from July 1st to Aprilth.

Education Development Team

The Education Development Team continues to grow. Our team in Saskatoon is coming along nicely. We are also wanting to further develop the team in Edmonton, as well. If you are interested in participating in the Education Development Team, contact Omar Nef or Penny Nilsen for more details.

Penny and Omar are working together to offer consistent training opportunities for East and West sectors of the District. Watch for additional opportunities to be involved. Involvement provides valuable training to you and helps to ensure consistent training approach for the district.

Pathways

Our Pathways Chief Ambassador is Marg Faryna DTM. Marg has been busy preparing for rollout which occurred May 3rd. Clubs and members will now have access to the new Pathways program. Ambassadors and guides have been to almost all of the clubs to spread the word and hand out roll out kits to members.

There is still a lot of work to complete to ensure adoption of the program. The important thing is for our members to understand that this approach allows them the flexibility to keep working in the old program while new members will start out fresh with the new program.

Training events in June will include sessions to specifically address skills required to be successful with Pathways in clubs.

From Toastmasters International Volunteer Information

Members have played a critical role in the development and launch of the Toastmasters Pathways learning experience. Four groups have been instrumental:

Chief Ambassadors and Ambassadors — Vital to the development and success of Pathways, Chief Ambassadors and Ambassadors provide leadership and build excitement for Pathways by inspiring, educating and supporting members within their district.

Pathways Guides — As integral members of the Pathways launch team, Pathways Guides work closely with the Chief Ambassador and Program Quality Director while partnering with an Ambassador to visit each club and prepare you for the arrival of Pathways. They are a club's first point of contact for all Pathways questions and will help with training, supporting the vice president education and more.

Volunteer Translations Reviewers — Pathways educational materials will be available in eight languages in addition to English. Volunteer Translations Reviewers help ensure Pathways materials are translated accurately and localized properly for each region and culture.

Learning Masters — This diverse group of volunteers began collaborating with the Pathways content development team in the early stages of the project. By reviewing plan outlines, giving feedback and presiding over a content pilot program, the Learning Masters helped to ensure Pathways meets your needs.
