

Procedures Committee Report – District Council Meeting Saturday May 5, 2018

At this time the procedures committee has made no changes to policies and procedures in anticipation of some significant upcoming changes which will warrant an overhaul of several areas, affected by termination of the fall conference and some financial changes that are awaiting a vote.

As procedures committee chair I am looking for some committee members to assist me with the upcoming changes.

Respectfully submitted,
Rena Weikle
Procedures Committee chair.
