

Division F Report to District Council September 2018

Membership: As of September 20, 2018, only a small percentage of members (38/527) have renewed. However, we expect that many more will be coming in over the next few days. 6 of our 29 clubs have 12 members or less to date so I am a little worried about how that will look after September 30th. The Area Directors will be checking during their visits to determine if these clubs would be open to having a coach.

DCP: 6 clubs have already met 2 or more goals.

Club Visits. Area Directors will be finishing their first round of official club visits over the next few weeks. They are also working to help clubs get their Club Success Plans completed.

COT Training: 57.1% of Club Officers attended the last round of training including 3 clubs (Christian Club, Pursuers, and City Lights) who trained all 7 of their officers. Well done!

Area Directors. All the Division F Area Directors attended training on July 8/9 in Edmonton. 5 out of 6 were trained further on September 15. We had a Division Council meeting in August and have already started planning for the spring contest season.

Educational Awards: 29 Educational Awards earned as of September 20 including 2 DTM awards and 2 Pathways levels.

Exciting News: Club Bilingue has been given the opportunity to broadcast Toastmasters related content for an hour/week on CBC radio. More details coming soon.

Respectfully submitted,

Christine Hogan, CC, ALB

Division F Director
